INSTALLATION

Installation

Miami Art Services will install artwork from basic two-dimensional pieces to complex assemblies and large-scale sculptures. We also offer a range of options for video, neon, and multi-media artwork installation.

From single piece installations to elaborate exhibitions and show production, our company has experienced and skilled technicians to handle any project.

PACKING AND CRATING

Packing and Crating

Proper packing and crating are fundamental to maintaining artwork integrity. Miami Art Services offers a variety of options for safeguarding artworks for travel, storage, and storm protection. We pack artworks using high quality archival materials and all crates are built with stamped treated lumber.

On-site Wrapping

Single artwork wrapping and exhibition pack-up by experienced technicians using appropriate high quality materials at gallery, office, or home.

Soft Packing

For short term local and dedicated transport.

Custom-sized Crates

Built to specification for single use or travelling shows.

Aircraft Foam Lining

For protection against impact and vibration as well as climate insulation.

Travel Frames

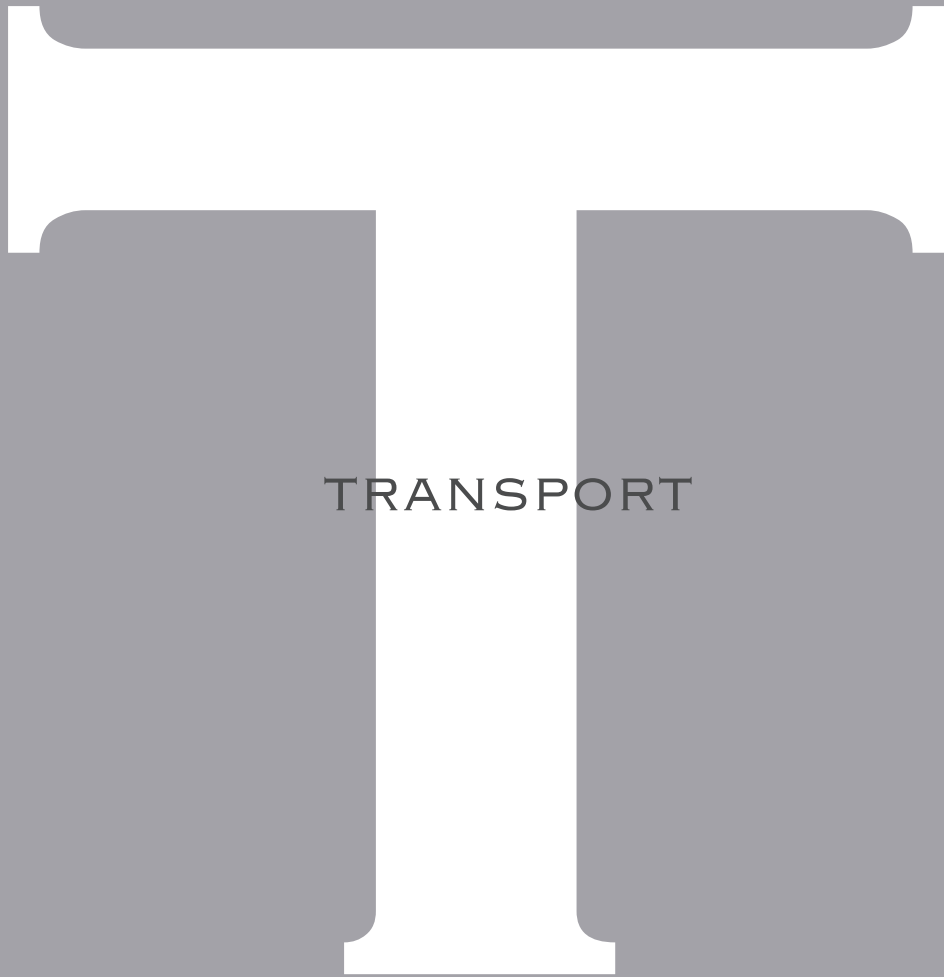

For delicate surfaces and storage.

Storm Crates

Built to protect outdoor sculptures during storm season. Made of pressure treated wood.

TRANSPORT

Transport

- Miami Art Services offers artwork and crate transport within Miami-Dade and Broward counties. Experienced technicians are also available for careful loading and unloading of large shipments. We also offer balanced container loading and bracing to minimize shifting of cargo load.

CUSTOM DESIGNS

Custom Designs

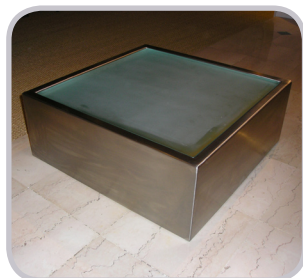

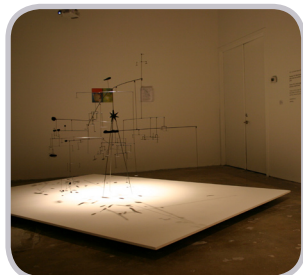

Often, artworks require unique display solutions. Our skilled craftsmen have many years of experience working to the specifications of artists, designers, curators, and collectors to produce optimal display options.

Miami Art Services has also built several custom storage racks for the most efficient use storage space.
